1958 Iris Introductions

HAZEL E. — Large, pure clean baby ribbon pink throughout with a glistening finish. The very wide, ruffled standards are perfectly held and the falls flare gracefully, all edges of the petals are laciniated. The beard is tangerine-pink, tipped pink. Very weather resistant and long lasting blooms. Approved by all who have grown this iris. 36 inches tall. \$10.00

ORCHID ISLE — A complete self of true orchid in a very ruffled, lacy flower with a heavy yellow beard. The wide lacy edges of both standards and falls open perfectly and do not deform the flower at any time. Extra long blooming season. 34 inches tall. \$15.00

1957 IRIS INTRODUCTIONS

DREAM MAGIC — Bright rose-pink self with extra wide segments in a 6½ X 6 in. flower. The standards are frilled and have one-half inch of lace and are perfectly held. The falls flare widely and are so very ruffled and frilled that they swirl showing the under side of the wide, lacy edged flounce which is a light cocoa shade, adding a distinctive touch that is most appealing. There is no other iris on the market in this clear, bright rose-pink shade. Fragrant, 42 in. tall and very well branched. \$35.00

(This is still in very short supply)

PARTY TIME — The very wide, frilled standards of glistening pale amber have an inch of lace that does not pinch but opens perfectly, the huge style arms are very frilly. An elusive touch of 'Mary Randall' pink gives an effect of art shadings over the entire standards. The extra wide falls resemble a little white apron with a wide ruffle of bright yellow entirely around it, deepening at the haft to brown about an inch wide. The lacy lower portion of the falls lay in rhythmical fluting. Medium large, perfect in form — a finished work of art! 32 in. tall and well branched. \$15.00

PRECIOUS CARGO — An absolutely huge pastel in a gleaming, pearly pink self. As this a Mary Randall seedling, as is Party Time, it is in that shade of pink, though in pastel. Its huge standards are closely held and the falls flare well out to show the light ruffling to perfection. In spite of its huge size and leather-like substance this gives the daintiest effect imaginable. Rather late in its blooming habits. 36 inches tall. \$7.50

I thank all of you good folks who were so kind and gracious about welcoming my iris 'babies'.

1958 INTRODUCTIONS

DEW MIST — Palest cream-white self in wide, full, lily like flowers with the most beautiful velvety finish imaginable. An established clump is breath taking. Has a very long blooming period. 38 inches tall. \$10.00

HAZEL EVELYN — A true pink without any red or yellow influence, rather toward the orchid and white side. Opens wide, is large sized with pointed petals, making a fluffy clump. I am proud to have this bear my name, pink being my favorite color. \$15.00

1957 INTRODUCTIONS

GADABOUT — Startling in its size and beauty is this pure, clean, bright yellow, ten and one-half inch flower. Strong grower, 36 inches tall with stout stems. \$15.00
